MEDIENSTELE ■■■ victoria

Optical Emphasis

An optional LED lit foot emitting white or coloured light underlines the stele´s adaptability.

This is strongly supported by an elegant and trendy design due to a minimal contruction depth of only 48 mm. Thanks to our material direct print and a fully customizable backside, **victoria** perfectly fits in to your corporate identy.

Hardware endowments

The standart version comes with an integrated 46´´ portrait oriented display as well as a standalone computing unit:

■ **Monitor**
46´´ LED Touchscreen optionally available
Resolution: 1.920 x 1.080 FullHD
Brightness: 300 cd/m2
Contrast: 5.000:1

■ **Computing unit**
Processor: intel i5
RAM: 4 GB
HDD: 320 GB

Chassis design

The sandalone aluminium element is equipped by a powder-coated steel foot. Alternatively, a finely brushed stainless steel foot is available. Nevertheless, our LED lit and seemingly hovering foot piece is a special highlight.

The stele´s modular design featuring easy PC and display exchange provide easy servicing and maitenance.

Optionally available

■ **CMS software netvico**
 PlayEverywhere
■ Individual graphics and colour design
■ Foot made from stainless steel or LED lit
