DS Media Stele magnus

An appealing way of presenting important information behind glass.

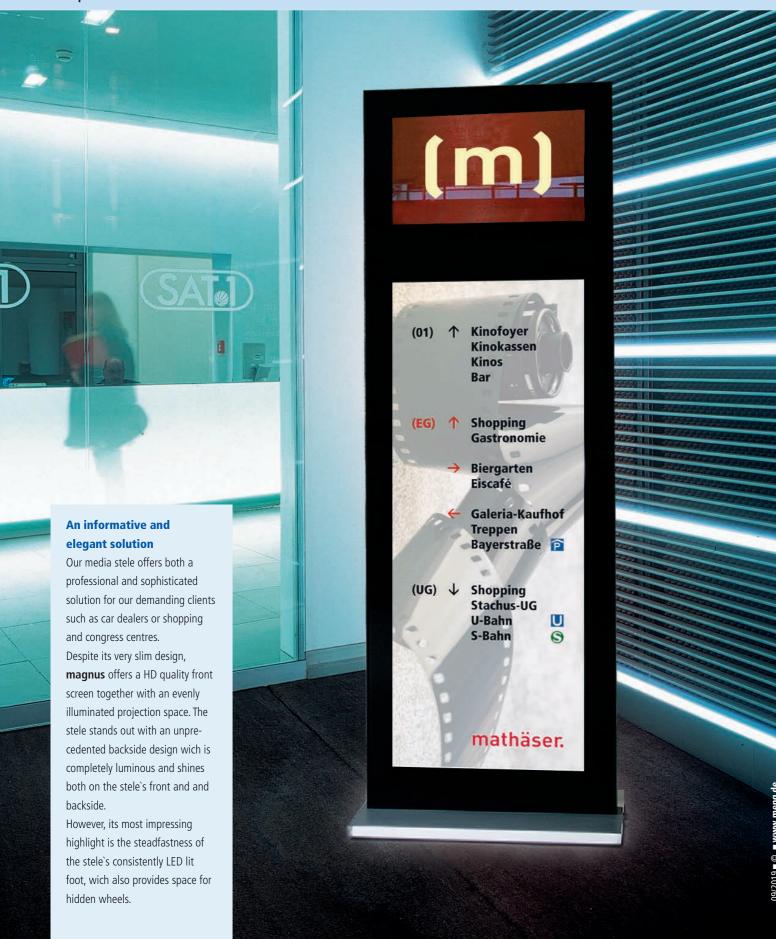

DS Media Stele magnus

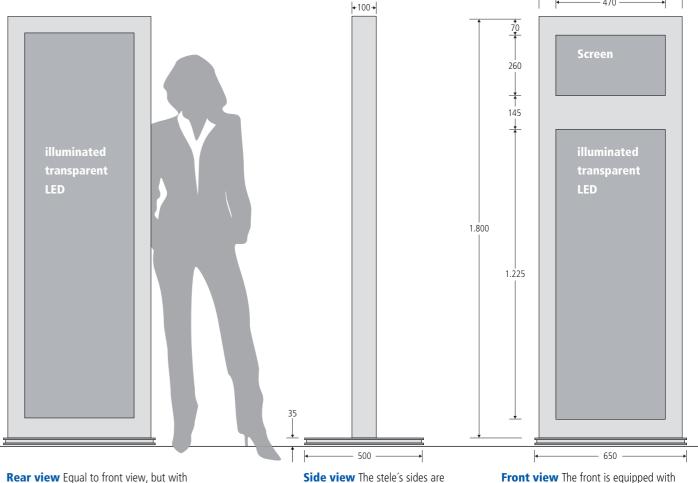

Bilaterally LED lit stele disposing of an integrand screen at a construction depth of only 10 cm.

z quintessenz

a consistent 1630 x 470 mm illuminated transparent instead of a display.

Hardware

magnus disposes of bilaterally serviceable fronts wich provide optimal access to core technical components. Its easy-toexchange graphic and caption inlays, in combination with a custom varnished case, create a coherent overall appearance. The illuminated plains are protected by secrurity glass. A 22" landscape screen displays contents either from the product's integrated media player or high-end computer, optionally delivered with pre-installed Content Management Software for your promotional videos.

equipped with justified metal protection edges, lacquered by a width of 100 mm.

Screen

- 22" TFT FullHD Display
- Resolution: 1.920 x 1.080
- Brightness: 250 cd/m2
- Contrast: 1.000:1

Video output

- HDMI, VGA 15-pin connector, DSUB or Composite Video
- Audio: Stereo

both a screen and an illuminated transparent. It is protected against unauthorized access by a secrurity all-glass door.

Media Player

- Media Player supporting image and video files (MPEG1,2 / XVID3,4,5 / H263 / H264 / WMV9)
- Data interface via USB
